

# LOAD WHEEL ASSEMBLIES

## BEARINGS & WHEELS TOGETHER

Finding the bearings, grease and proper load wheel needed for repair jobs can be frustrating. Simplify the process with complete load wheel assemblies from Raymond. Load wheel assemblies from Raymond are a complete assembly containing all the components necessary to quickly change a forklift truck load wheel.

**Simplify the job with Load Wheel Assemblies from Raymond.**

Part Number	Description
632-069/ASM	632-069/003 Load Wheel with (4) 6205-2RS Greaseless Dual Rubber Shielded Bearings pressed into the wheel
632-069/007ASM	632-069/007 Load Wheel with (2) 6205Z Greaseable Single Metal Shield Bearings and (2) 6205 Greaseable Unshielded Bearings pressed into the wheel
632-069/007ASM1	632-069/007 Load Wheel with (4) 6205-2RS Greaseless Dual Rubber Shielded Bearings pressed into the wheel
632-069/107ASM	632-069/107 Load Wheel with (4) 6205-2RS Greaseless Dual Rubber Shielded Bearings pressed into the wheel
632-069/107ASM1	632-069/107 Load Wheel with (2) 6205Z Greaseable Single Metal Shield Bearings and (2) 6205 Greaseable Unshielded Bearings pressed into the wheel
632-052/ASM	632-052/003 Load Wheel with (2) 6305-2RS Greaseless Dual Rubber Shielded Bearings pressed into the wheel
632-052/107ASM	632-052/107 Load Wheel with (2) 6305-2RS Greaseless Dual Rubber Shielded Bearings pressed into the wheel
